CRUELLA DE VIL #1

Dynamite Entertainment

Though there's absolutely no hard evidence that Cruella De Vil was ever involved in the theft of any Dalmatian puppies, her name has been ruined in the tabloids and her reputation in the fashion world hangs by a thread. Which is why she's willing to do anything — *ANYTHING!* — to restore her good name — even stealing the royal family's priceless jewels! How will that restore her reputation, you ask? You'll just have to pick up this brand new entry in Dynamite's Disney Villains adventures to find out!

STAR WARS: REVELATIONS #1

Marvel Comics

FROM THE HIGH REPUBLIC TO THE ORIGINAL TRILOGY AND BEYOND! Jabba the Hutt! Darth Vader! Mace Windu! KEEVE TRENNIS, Grand Admiral Thrawn, and More! DUKE #1

Image Comics

The G.I. Joe Initiative begins here! Conrad Hauser has made first contact with an alien being... or was it a UFO? Unfortunately, no one, not even Colonel Hawk, will believe his story about the high-tech jet fighter that converted into a colossal alien robot that nearly killed the man known as Duke. Now, one of the U.S. Army's most decorated officers is on the hunt for answers, drawn into a conflict for which no amount of training could have ever prepared him for. A war that only a real American hero has any chance of surviving!

IN THIS ISSUE

PREVIEWS THEME: GREAT GIFT IDEAS 2023!

The Holidays are right around the corner! It's time to get into that gift-giving frame of mind (and heart!) and start picking out those wonderful gifts for everyone on your list! We're not saying that **PREVIEWS** will have something for everyone on your list, but for those of you who have dreamers, adventurers, gamers, collectors, and folks who enjoy the many genres of fandom... well, we've got you covered! First take a look at some great **PRINT** items on **Pages 206-207**, all highly recommend titles collected together right there, and then turn to **page 392** for our list of great **MANGA Gift Ideas**! After that, you can venture forth into this issue to find still more *Great Gift Ideas*... just look for the **GGI** icon throughout this issue!

MY "CALIFORNIA ADVENTURE" PART 2!

Continuing my adventures in California both pre- and post-Comic Con, I think I left off last issue in Los Angeles, a few days before Comic Con. My old friend Mark Haynes, comics and screenwriter extraordinaire, was letting me crash at his place for a couple of days before we drove down to San Diego for Comic Con. While I was in town, we went around to some comic shops in the area where I talked about my new comic book series, THE GUNHAND...

And let me just stop here a moment for another shameless plug: **ISSUE #2** is offered in this very issue of **PREVIEWS**! Flip on over to **PAGE 275** and take a gander at the covers for this issue by series artist Matt Plog and special guest-artist, Barry McClain, Jr. of *Billy the Kid* fame! I know it'll probably be a tough choice on which cover to go with... so I suggest both! We're having a blast bringing this series to life, and you won't believe the stuff I have planned for the months and issues to come. Won't you join THE GUNHAND'S posse? And now back to our regularly scheduled Editor's Note, already in progress.

After visiting several shops, we retired to his casa where I ordered a ton of Indian food and played THE LAST OF US for the first time on the PS4. What a great game... and I could see elements of the TV show taken straight from it! A day or so later, Mark said goodbye to his roommates "Buckaroo" and "Banzai" (who had a date with a cat-sitter), and we set off for San Diego!

After a not-so-long drive, we checked into our hotel (nice digs!) and headed to the Convention Center. I stopped by the Diamond Comic Distributors booth to say "hi" and proved once again why I am "King of Toys" when I found one of my co-workers (who is obsessed with Hello Kitty) a POP! she had been looking for for some time, but was thwarted by high prices. A quick check on eBay found one for a quarter of the going price, which I ordered as a much-deserved "Thank You" for her stepping in to help us send the August issue of **PREVIEWS** to press. Thanks Emily!

At the show, we reunited with Dwayne (who we last saw in LA as he handed me off to Mark!). Dwayne is a great friend, and he was also a very good friend and co-worker to my late pal and Comic Con wingman, Chris Cade. We both loved the guy like a brother, and I feel like between us, we carry some of Chris with us every day. Dwayne is also a fantastic "spotter" when it comes to searching for old comics. I hit the showroom floor with Dwayne (Mark veered off for meetings or panels), and he spared no time in searching out the kind of comics I was looking for: vintage "reader" copy Charlton, Dell, Gold Key and '70s Marvel books, right around the \$5 mark. With my trusty collection list in hand, he would be searching a few boxes ahead of me, calling out titles, issue numbers, and prices. By the end of the weekend, I had a goodly stack of old comics, thanks in part to Dwayne's assistance.

The rest of the show went by quickly... a couple of panels attended, some excellent lunches and dinners with Mark Haynes and Gemstone Publishing's J. C. Vaughn, and then it was time to return home to Maryland. And **PREVIEWS**.

Speaking of **PREVIEWS**, this issue features our **GREAT GIFT IDEAS** theme, which is the first volley in Holiday Season shopping. Heck, everything in **PREVIEWS** would make a great gift, but our product specialists even chose a bunch of items to highlight... including a **SECOND** list of **GGI's** dedicated to **MANGA** box sets! So if you have a fanboy or fangirl in your life that you have some holiday shopping to do for, don't forget to check out this issue!

That's all for this month! Thanks as always for dropping by and checking out all the wonderful stuff we have to offer! We do it all for you, the discerning fan and collector. Until next month...

Your Pal @ **PREVIEWS**,

Heritage's Batman Toy Auction Grosses \$1.4 Million

Heritage's Ultimate Batman Collection Signature Auction held in August 2023, brought in a total of \$1,395,762. A rare 1966 Japanese Batmobile wind-up toy with a painted plastic Batman at the wheel and the original box led the auction by selling for \$150,000. Made by Japanese toymaker Yonezawa, it set a new world record for most valuable Batman toy sold at auction.

Vintage toys from the '60s dominated the sale, including a battery-operated Batman robot with the original box that hammered for \$42,500. It was closely followed by a 1966 tin Batmobile race car made by Yonezawa that sold for \$35,000 and a tin Batmobile race car with its original box from Masudaya that realized \$32,500. One of the modern centerpieces in the auction was the Hot Toys 2016 one of a kind 1:6 scale Batcave diorama with a Batmobile, recreated from the '66 *Batman* TV series, that went for \$27,500.

eMoviePoster August Auctions Net \$471K

eMoviePoster completed three auctions early in August 2023, seeing a collective total of \$471,121. The auction featured one-sheets, international posters, lobby cards, stills, art prints, and non-movie posters.

The top three results were linen-backed one-sheets including *Breakfast At Tiffany's* for \$6,500, *Only Angels Have Wings* for \$6,138, and *To Catch A Thief* for \$5,500. Other highlights were *The Empire Strikes Back* NSS style one-sheet for \$3,700, *Return of The Jedi* undated teaser one-sheet for \$3,500, *Curse of Frankenstein* insert for \$1,701, and Marilyn Miller signed costume drawing for \$1,650.

The Rise of Two Sun Girls

Sun Girl is a superheroine moniker that has been used by two characters, first at Timely then at its successor, Marvel. Mary Mitchell, the first version, created by artist Ken Bald debuted in *Sun Girl* #1 (August 1948). Mary was the original Human Torch Jim Hammond's secretary, an acrobat, and expert martial artist who used a sunbeam ray gun to fight crime.

Sun Girl Selah Burke was introduced in *Superior Spider-Man Team-Up* #1 (July 2013) and later revealed to be Lightmaster's daughter. A creation of Marco Checchetto and Christopher Yost, she is an engineer, uses light-based pistols and other weapons, and has a suit that gives her the power of flight and ability to project light blasts.

Please tell us a bit about yourself!

I'm *Darick Robertson*, an American comic book artist, writer and creator with a decades-long career in the industry. Born and raised in the Northern California Bay Area and self-trained as an artist, my notable works include co-creating the award winning *Transmetropolitan*, *The Boys* (Vol. 1: *The Name of the Game* / DEC078191), *Happy!* (Deluxe Edition / OCT170647), and *Oliver* (Volume 1 / FEB200100) with Gary Whitta for Image Comics. I have illustrated for both Marvel and DC Comics

on characters including Batman, Hellblazer, The Justice League, Wolverine, The Punisher and Spider-Man.

What are your favorite projects you've contributed to over the past decade?

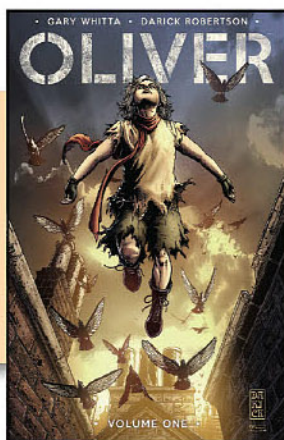

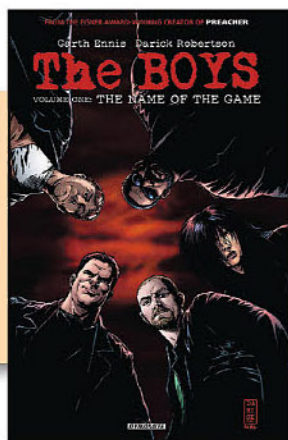

I particularly enjoyed my last three projects with DC Comics, *Hellblazer: Rise and Fall* (with Tom Taylor for the Black Label), *Batman: Fortress* (with my friend Gary Whitta and editor Ben Abernathy) and writing and drawing the reboot of *Batman: Legends of the Dark Knight*! Of course, creating artwork for, and being a co-executive producer on *THE BOYS* Amazon Prime series — adapted from our comic — has been a real life goal unlocked!

What are you currently working on?

I'm working on a variety of projects, focusing more on my writing than in years past. I am having an absolute blast collaborating with Ajmal Zaheer and Abdallah Jasim on their original creation, *Crestar and The Knight Stallion: Devil's Knight* (See **Page 277**)! They brought me in to do a cover and oversee their production, and then decided to reboot their whole title with a new team and direction.

What fun titles are you reading?

I really love *Barbaric* (Vol. 1: *Murderable Offenses HC* / AUG212157) from Vault comics!

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and hundreds of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

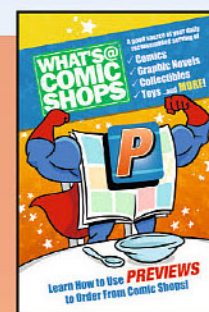

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

WHEN THE PROBLEM IS TOO BIG FOR DARKWING DUCK, CALL ON DYNAMITE ENTERTAINMENT'S JUSTICE DUCKS

The city of St. Canard looks to the Terror that Flaps in the Night — Darkwing Duck — to be her champion, but some problems are simply too big for this hero alone. For those challenges, like flying saucers from the depths of space, the Justice Ducks were formed, four fowl and a fish, whose super-powers and super intellects will save the world!

Stegmutt, the duck transformed into a stegosaurus!

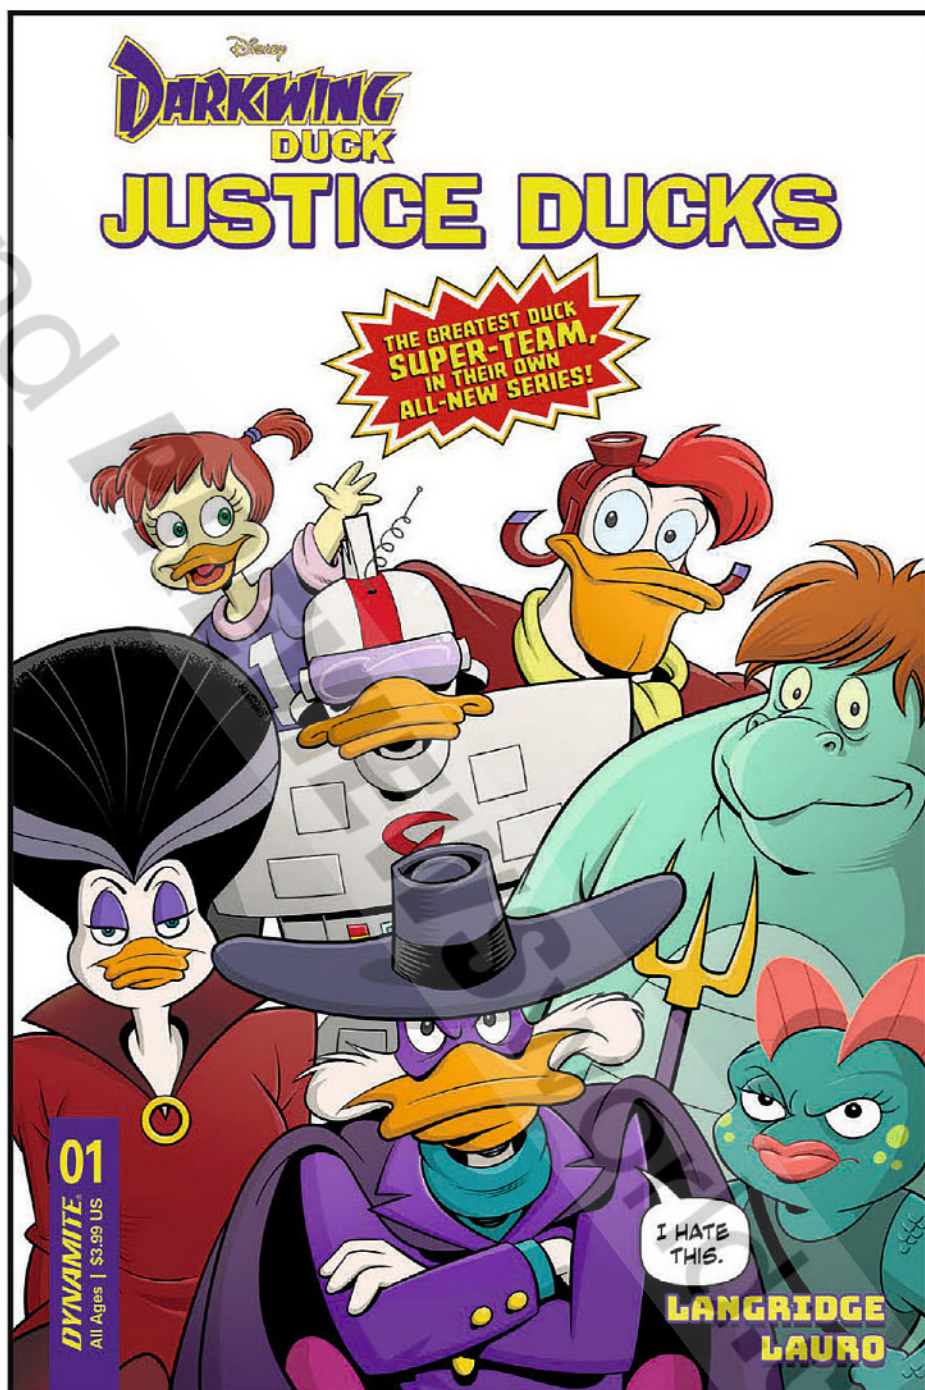

Morgana Macawber, the Transylvanian sorceress!

Neptunia, the mutated fish who commands the ocean creatures!

Gizmoduck, the armored duck who wears the Gizmosuit!

And **Darkwing Duck**, the Terror that Flaps, etc., etc., as already mentioned!

These mighty heroes unite in Dynamite Entertainment's Darkwing Duck spin-off, *Justice Ducks* from Roger Langridge (*The Muppet Show*) and Carlo Lauro (*Darkwing Duck*), features four regular covers, including a cover by Langridge that homages Kevin Maguire's classic *Justice League* cover. Along with the help of Darkwing's allies Gossalyn Mallard and Launchpad McQuack, there's no challenge the Justice Ducks cannot overcome!

MIKE W. BARR'S LEGENDARY INDIE SERIES *THE MAZE AGENCY* RETURNS FROM SCOUT

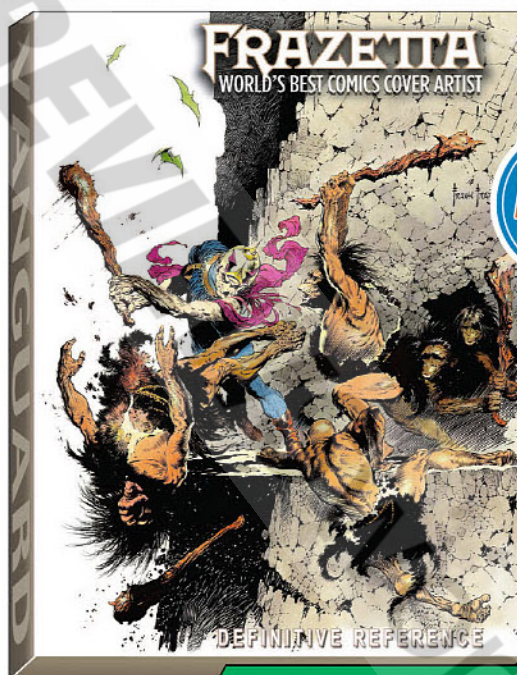

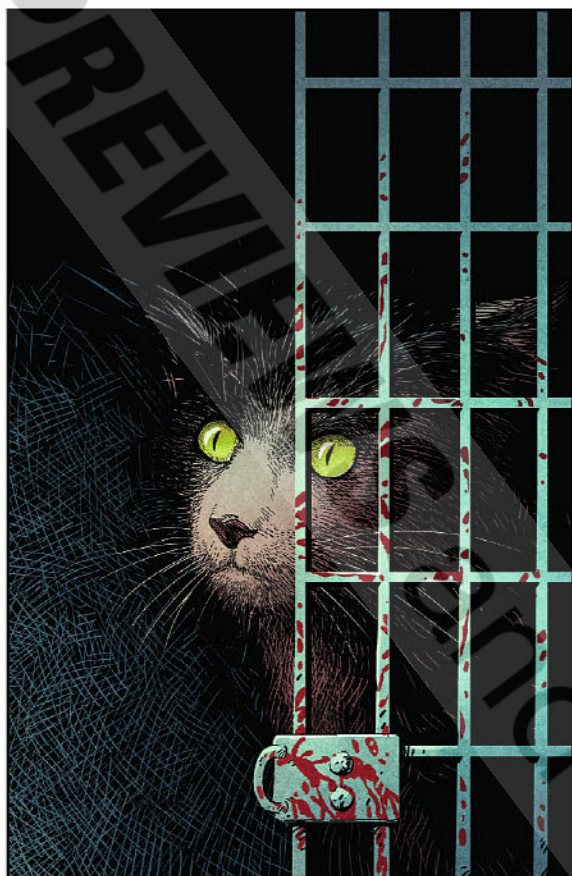

Created by Mike W. Barr in the 1980s, *The Maze Agency* was an award-winning mystery comic published originally by Comico and Innovation Comics, with art from artists including Alan Davis and Adam Hughes, about the titular private detective agency, operated by ex-CIA spook Jennifer Mays with the sometimes assistance of her paramour, true crime writer Gabriel Webb. This winter, Barr resurrects *The Maze Agency* with artist Silvio Beltramo for Scout Comics!

TOM KING AND PETER GROSS VISIT BOOM! STUDIOS' ANIMAL POUND

An animal shelter is not a happy place. No animal wants to go there. Unwanted animals. Unhealthy animals. Undisciplined animals. A few might find new owners, but they are the lucky few. Most spend their last handful of days here, before the end, before the sterile room that is too bright and reeks of death. Eisner Award-winning writer Tom King (*Batman*) and Hugo Award-nominated artist Peter Gross (*Lucifer*, *The Unwritten*) visit an animal shelter and unite for their first collaboration, BOOM! Studios' *Animal Pound*. Inspired by George Orwell's *Animal Farm*, the residents of an animal shelter have had enough. They take control of the animal shelter and, for the first time in their lives, take control of their future. What does that future hold? Will they find the freedom they crave? Or have they merely traded one kind of caged life for another? Look for King and Gross' *Animal Pound* from BOOM! this December!

A PRECOCIOUS TEEN PAINTS A CRIMINAL MASTERPIECE IN DARK HORSE'S NEW JINXWORLD SERIES

A brilliant teenager discovers the secret of her missing parents—and the cost a billionaire wronged by them wants to extract—in the new Jinxworld series *Masterpiece* by Brian Michael Bendis and Alex Maleev from Dark Horse Comics! Emma's parents stole a billion dollars from Zero Preston. Now Zero wants her to steal him a billion dollars from a corporate rival. With the help of some of her closest friends, Emma is going to pull off the heist of the century and paint a masterpiece of crime her parents could only dream of!

Created by renowned comic artist **JEEHYUNG LEE**, **GUMAA: THE BEGINNING OF HER** is a dark fantasy noir that follows Khalida, a troubled woman trapped in a **CORRUPT AND CRIME-RIDDEN HELL**. As she tries to find a way out of this vicious world, Khalida faces difficult decisions and impossible challenges.

We spoke to Jeehyung Lee about his urban fantasy series, which will be published by Titan Comics from December 2023.

JEEHYUNG LEE *GUMAA: THE BEGINNING OF HER*

What was the inspiration for creating *GUMAA*?

In Korean, the word "GUMAA" means "exorcism" – I chose that word because my story is partly inspired by those people who follow "something" as if they're in some sort of cult. In some ways, I'm exploring how people form obsessions of all kinds. In one way or another, these obsessions tell the story of a deep desire to escape from whatever reality we're in.

We all have our own purpose, our own needs in life, but it's a thin line that keeps us from crossing over into darkness, and sometimes that can lead to people becoming unethical due to greed and blind ambition.

How long did it take you to develop this from idea to script?

I first got this idea when I was working for a game company as a character designer. I was in that mental space already – seeing characters not just for their visual design and aesthetic, but imagining how they fit into the world of a specific story. I took that same approach – creating *GUMAA* with a story, characters, and art – so it would feel as immersive as a game.

I took about a month to create the basic story of *GUMAA*, and then preparation for this project took another year, including the research, consulting, and refining phases.

You're known to international comic book fans as a dynamic cover artist for Marvel, DC, Boom! Studios, and several in-demand retailer exclusives. What's your artistic process like, going from concept to a finished piece?

I usually make strong choices about the design and concept before I start drawing anything. Even before I do my first sketches, I have an image in my mind of how it's going to turn out. Once I've made those decisions and I have a clear vision in my mind, that's when I start the technical process of painting the illustration and focusing on the emotion of the final artwork.

What influences did you pay attention to when you were working on *GUMAA*?

It's hard to pinpoint just one thing, but *GUMAA* always felt cinematic to me, and I was

inspired a lot by the *Constantine* film. Actually, Manuel (one of the main antagonists) is named after a minor character from the film – he's the one who discovers a dagger on the ground. As I began developing the visual look of *GUMAA*, I thought a lot about *Batman* and *The Dark Knight*.

The characters of *GUMAA* are pretty complex – there's no clear "good guy" or "bad guy". How do you want readers to view these characters? Whose side should they be on?

That's exactly the perspective I have as the creator, and I'm hoping that readers see this the same way. As human beings, we carry the potential for both good and bad within us, no matter where we go. How we behave, how we treat others – we always have a choice about whether we choose the good side or the bad side.

When you're reading *GUMAA*, I hope you're thinking about the choices these characters make, and whether you might do things the same way or do things totally different. The way these characters navigate their path through these horrific events is what makes them who they are.

A revolution and 60 years passing have drastically changed the *Dodona*, giving way to leisure time and peace unlike anything the inhabitants have experienced.

But all is not well, as automation and underemployment create the conditions for a populist figure to sway many, including an algae tank worker named Pari.

With Les and Revla's granddaughter Bee standing against the movement along with countless others, an all-out war is far from unlikely...

**The FINAL VOLUME of the
Beloved Series in a Deluxe
Hardcover!**

Graduation day is so close that Esther, Daisy, and Susan can almost taste it. It's time to think about what they want to do when they leave behind the hallowed halls of Sheffield University—or, in Susan's case—consider where McGraw will go and what that might mean for their future together.

But even when real, grown-up tragedy strikes, there are still wild oats to sow, championship cricket games to play, and prank wars to survive before it's time to don caps and gowns to leave the giant days of university behind, once and for all.

Written by **John Allison** (*Wicked Things*, *Steeple*) and illustrated by **Max Sarin** (*Harley Quinn: The Animated Series: The Eat. Bang! Kill Tour*), Vol. 7 collects the final six issues and the grand finale of the Eisner Award-winning and Harvey Award-nominated series, along with a special short featuring **Shelley Winters**, all in a deluxe hardcover!

Even though there's absolutely no hard evidence that noted *couturière* Cruella De Vil was ever involved in the theft of any Dalmatian puppies, her name has been ruined in all of the tabloids, and now her reputation in the fashion world is hanging by a thread. Which is why she's willing to do anything — *anything!* — to restore her good name — even stealing the royal family's priceless jewels!

How will that restore her reputation, you ask? You'll just have to pick up this brand new entry in Dynamite's Disney Villains adventures to find out! CHARACTER DESIGNS BY MIRIANA PUGLIA

Disney Villains: Cruella De Vil © Disney Enterprises, Inc. Based on the book THE HUNDRED AND ONE DALMATIANS BY DODIE SMITH. Published by The Viking Press.

CRUELLA DE VIL'S LATEST SCHEMES ARE CHRONICLED BY RISING STAR SWEENEY BOO!

Cruella de Vil might not always immediately be viewed as among the "Disney Villains" crew, due to her recent surge in popularity and complicated, relatable nature. What do you think makes the character such a joy to follow, as well as for you to take on as a creator?

I've always had a softer spot for villainous characters, not because of their intentions

gotten up to other nefarious schemes in her pursuit of fashion and fame. What's she up to this time?

Cruella's good name has been all over the tabloids because of the puppy-napping accusations. Now that she's off the hook, she's trying to get back to her life the way it was before the incident, but London's high society and the puppy world is not ready to forget what she's done just yet!

writer Sweeney Boo

but mostly because I'd always be so curious about what brought them to be who they are. I feel like they offer so many layers of personality, and someone who is not perfect is much easier to relate to. What makes Cruella, Cruella? What makes her snap? What makes her laugh? It's a really fun thing to try to discover!

She's known for infamously puppy-napping those dalmatians, but beyond that she's

You're a multi-talented creator, yet many fans may be most familiar with your artwork to date. How excited are you to be taking on writing such a big title? And how do you feel the collaboration is going with artist Miriana Puglia, given your own background. You're also contributing a gorgeous cover!

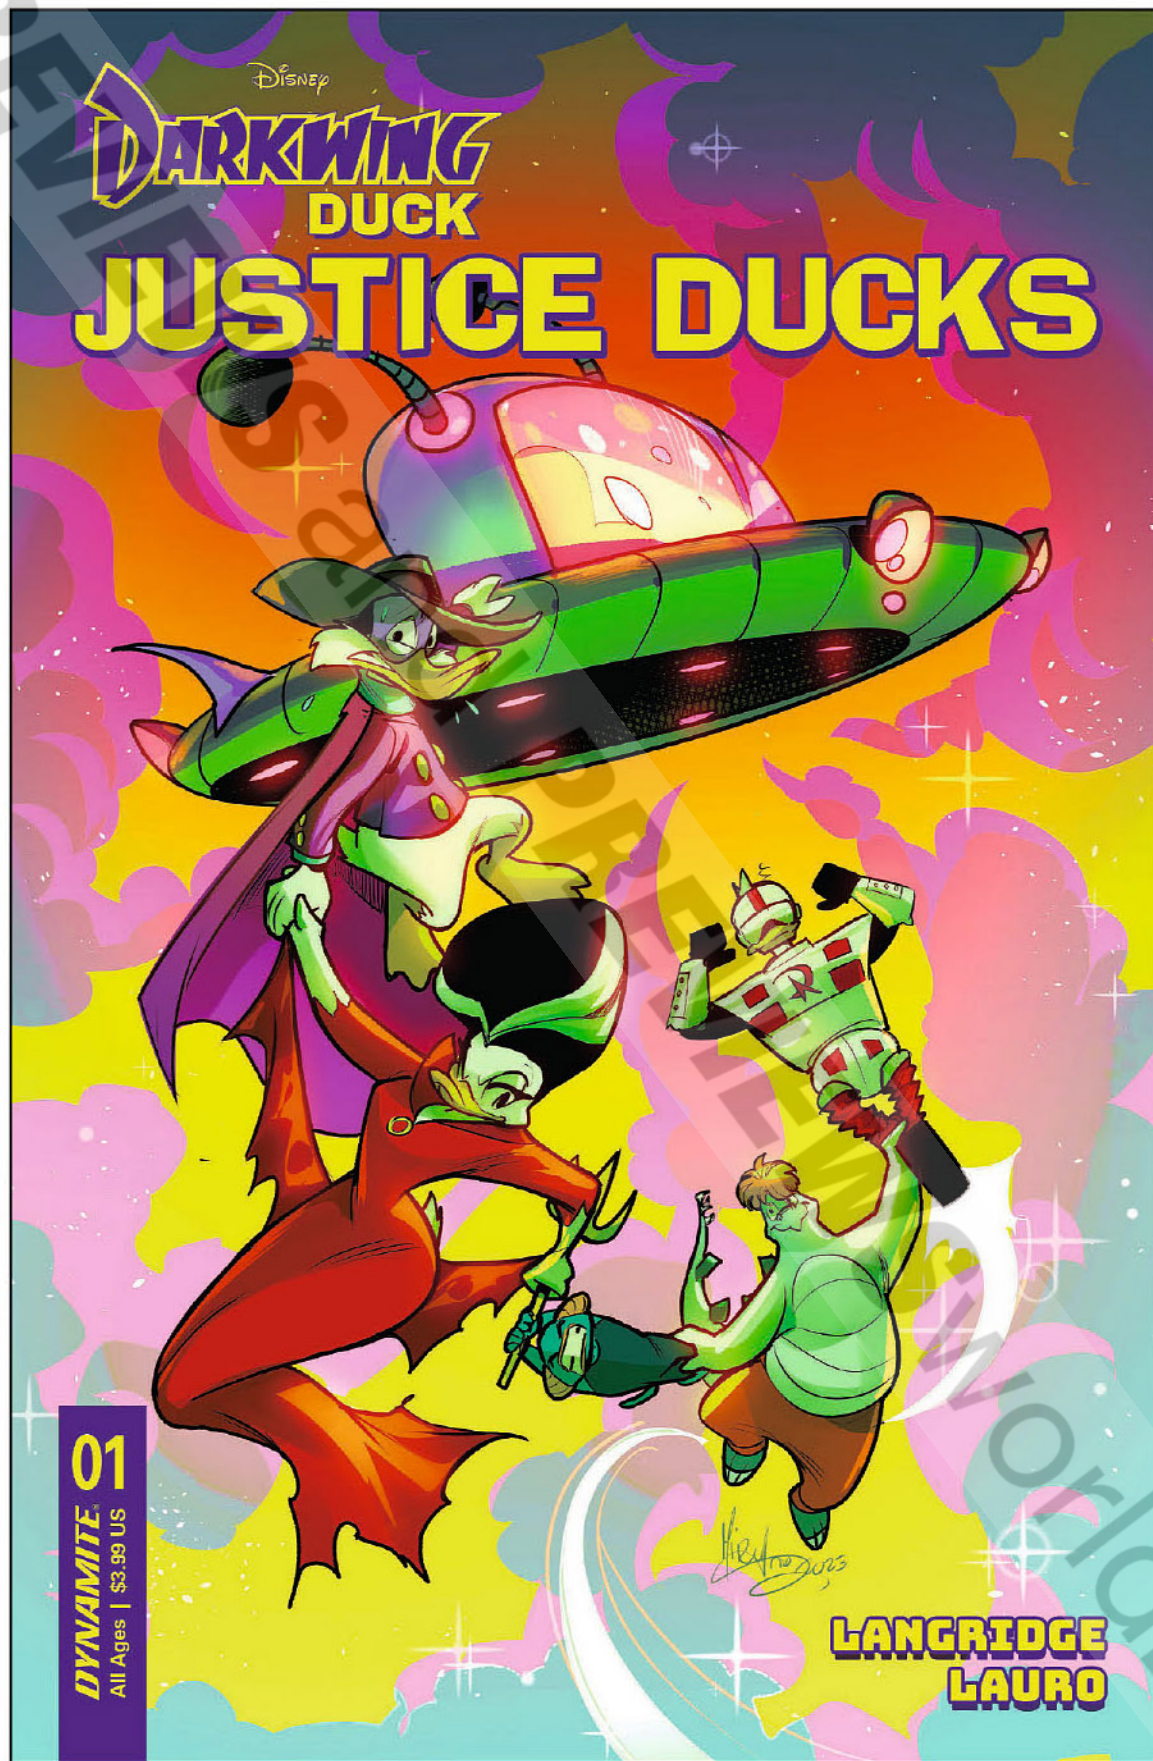

I'm so incredibly excited! As of now, I have only gotten to write for myself, so getting to write for someone else, and for such a talented artist as Miriana, is such a thrill! Cruella has always been one of my favorite Disney villains, so I feel very honored to get to write her and draw some covers for the series!

This will be Dynamite's fourth title in our *Disney Villains* line, following *Scar*, *Maleficent*, and *Hades*. Among those three or any other icon in the pantheon, who do you think Cruella would have the most fun — or mayhem — hanging out with?

Hades! He shares Cruella's wild side; I can see them not thinking twice and jumping headfirst in some mayhem!

Foes of evil! Enemies of injustice! To the mighty heroes of the JUSTICE DUCKS, all bad guys are a total bummer and must be taken down — even if said bad-o's are from OUTER SPACE!

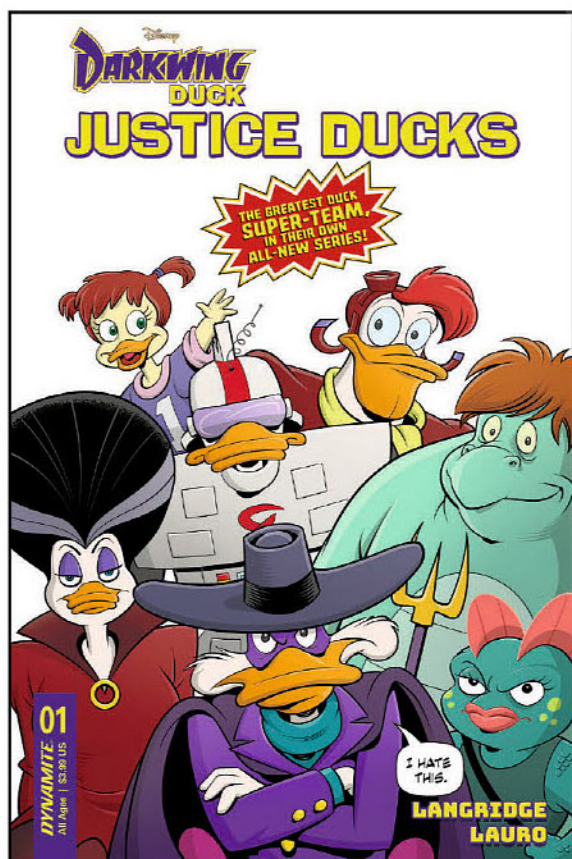

In this thrilling maiden issue: Flying saucers descend from the skies, to (maybe) wreak (possible) havoc upon the (mostly) innocent citizens of St. Canard! All that's stopping these aggressive alien agitators is STEGMUTT, GIZMODUCK, NEPTUNIA, MORGANA, and (most important, in his opinion) DARKWING DUCK!

Written by the Eisner and Harvey Award-winning ROGER LANGRIDGE and illustrated by celebrated *Darkwing Duck* artist CARLO LAURO, this latest chapter in the ongoing saga of St. Canard's web-footed wonders is surely destined for greatness — just like DD himself!

JUSTICE DUCKS ARTWORK BY CARLO LAURO FROM THE PAGES OF **DARKWING DUCK!**

Darkwing Duck and Justice Ducks TM & © 2023 Disney Enterprises, Inc. All Rights Reserved. The Disney Logo is TM and © Disney, Inc. All Rights Reserved.

RENOWNED COMICS SAVANT ROGER LANGRIDGE HITS THE STREETS OF ST. CANARD!

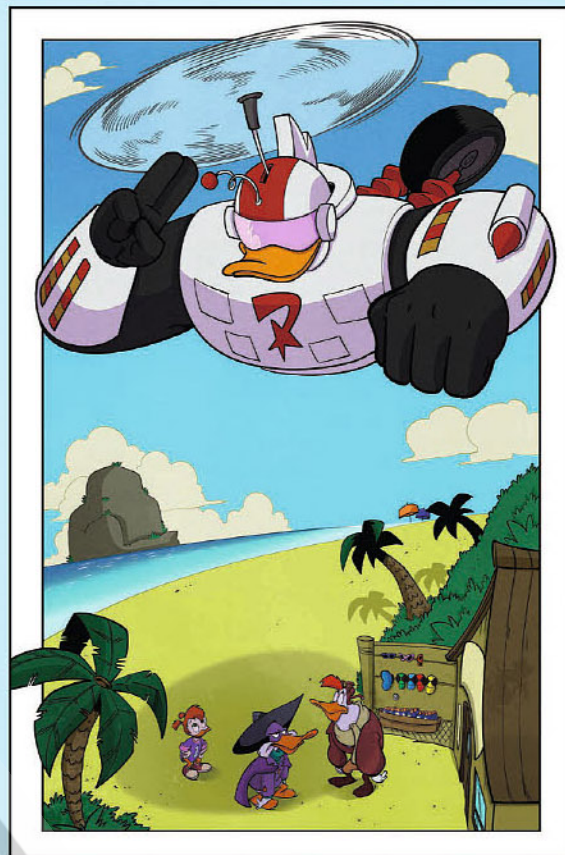

So, Roger, the Justice Ducks...who they be?

They're a group of characters from the *Darkwing Duck* universe with special abilities: Gizmoduck, who wears a suit of armor fitted with various gadgets; Neptunia, a fierce and formidable fish-woman; Morgana, a sorceress; Stegmutt, a duck transformed into a dinosaur-being with awesome strength; and Darkwing Duck himself, who is a reluctant member at best. In the TV show, they were individuals Darkwing had encountered in various stories who teamed up informally in a two-part adventure. In our series, that grouping is on a slightly more formal footing as they tentatively try to work as a full-time team.

Darkwing Duck is an extremely confident superhero, even when there's no reason for him to be. How does his massive ego deal with a bunch of other superheroes around?

Not fantastically well! As I mentioned, he's somewhat reluctant to participate at all, and will only really do so if he thinks it will allow him an opportunity to show how brilliant or indispensable he is. He's constantly looking for the moment where his presence will make the biggest impression; the rest of the time he's just kind of annoyed by them — they will insist on hanging around his secret lair!

Aside from the *Darkwing Duck* cartoon series, what influences are you bringing to

your Justice Ducks stories?

I'm a lifelong fan of the Disney Ducks as written and drawn by Carl Barks, so that style of storytelling is very much in my veins. I also have enormous fondness for the goofier end of superhero comics — 1960s Jimmy Olsen, Plastic Man, Metamorpho, the Metal Men and so on. Tonally, these are the sort of notes I'd like to hit.

If you're hanging from a ledge, or need to be rescued from a burning building, or aliens are swooping in to abduct you...which Justice Duck do you want saving your day?

I can't say I'm hugely reassured by the thought of any of them giving it a try, though Neptunia seems to have a pretty level head on her shoulders. As long as I'm somewhere where water or fish can be involved, I can't foresee any problems whatsoever.

Everybody's favorite female assassin — created by comics author extraordinaire GARTH ENNIS (*The Boys*, *Battlefields*, *Preacher*, *The Punisher*, *Hitman*) — returns for an all-new tale of extralegal killing and ruthless vigilantism!

Following the grisly events of *Bloodlines*, the woman known as Jennifer Blood finds herself involved with a new class of criminals. This one-woman bane of organized crime is supposedly dead and buried, and that's exactly what she wants the world to think. Now, however, a visit to her original penitentiary gravesite puts Blood in the crosshairs of a vicious prison gang — one that has no idea of what's about to hit them!

Written by FRED VAN LENTE (*Marvel Zombies*) and illustrated by ROBERT CAREY (*The Outsiders*), *Jennifer Blood: Battle Diary* #1 also features killer covers from artists JOSEPH MICHAEL LINSNER, LELSEY "LEIRIX" LI, and REBECA PUEBLA!

SHE PUTS THE "DIE" IN DIARY!

FRED VAN LENTE GETS BLOODY FOR BATTLE DIARY!

Fred, we're readying up our official declassification of Jennifer Blood's next adventures. This series will mark a milestone, hitting 20 issues of you chronicling the world of J. Blood across her stories, Ninjettes, and the Giulietta Romeo special. What keeps bringing you back to these characters?

Jennifer Blood is a primal force of chaos; she makes Frank Castle look sane and reasonable. I should know, I've written him too! She's a vigilante who cares more about killing any criminal she happens to come across than her own life. As a character she's a live hand grenade you just lob in the middle of any situation and it instantly becomes dramatic. It's hard not to get the blood pumping when you have such a limitless possibility of stories like that. I'm just thrilled the readers are responding too, and keep us coming back out for encores. What's not to love?

Question question question question For those who want to jump straight into Battle Diary, can you give us a quick catch-up of what Jennifer has been up to recently? Maybe she's even presumed dead we hear...

So — SPOILER ALERT for "Bloodlines," our first story of this new era — the original Jennifer Blood, vengeful Mafia princess Jessica Blute, was killed in prison at the end of her original series. The mantle was taken up by her daughter, Alice, an elementary schooler in the original run, who is now all grown up and processed her rough childhood growing up among often uncaring and abusive foster homes by resurrecting her mother's mantle as terror of the underworld. Except the first Jennifer Blood was very much in it for revenge on her uncles for ruining her parents' lives. Jennifer Blood 2 is much more ecumenical, infiltrating and wiping out whole enclaves of criminals just because that's how she's decided to spend her life.

I guess you could say she's out for revenge against the world itself, and criminals are the unlucky beneficiaries of her attention because she sees them as representing an almost impossibly corrupt society — there's no way you can fix it without the most extreme measures, and "Extreme Measures" is Jennifer Blood's middle name.

We wanted to ask about that unique subtitle. Where does the title of Battle Diary come from and how could that possibly play into the narrative for this series?

Alice/Jennifer has reached a crossroads in her career; not really a mid-life crisis, but after taking out the all-mobster town of Bountiful and helping the hit man Angel get

revenge on the Vegas mobs, she's at a loss as to what her next target should be. Like Sherlock Holmes, she becomes listless and depressed when not actively hunting down scumbags. So to help, she's started a diary like her mother had, and that narration is one of the main throughlines of this new series.

She even goes so far as to visit her mother's grave outside the prison where she was killed. And sure enough, within the first few pages of Battle Diary #1, she discovers a convict trying to crawl her way out of a grave as part of an escape — and Jennifer Blood is off to the races yet again with a new criminal cartel of scumbags to deal with.

Jennifer is taking on some really unique foes this time around. We've known her to take down the mafia recently. Who's in her targets this time? She might even find herself stuck in the middle at a point!

The Mafia, Mexican drug cartels — now it's America's neo-Nazi gangs who are about to feel Jennifer Blood's wrath. A seeming case of mistaken identity leads Jennifer to delivering an escaped killer to the Volk, a murderous white supremacist gang who wants to hire Blood — not knowing who she really is, naturally — to take out a meddlesome prison guard. Blood accepts the contract, knowing fully well it's the bait she's going to use to trap the Volk — and set them up for a death match with a rival Nazi gang, the Crooked Cross. Jennifer plays both sides, setting the two gangs against each other, a dangerous game with only one assured outcome.

That's right. It's blood.

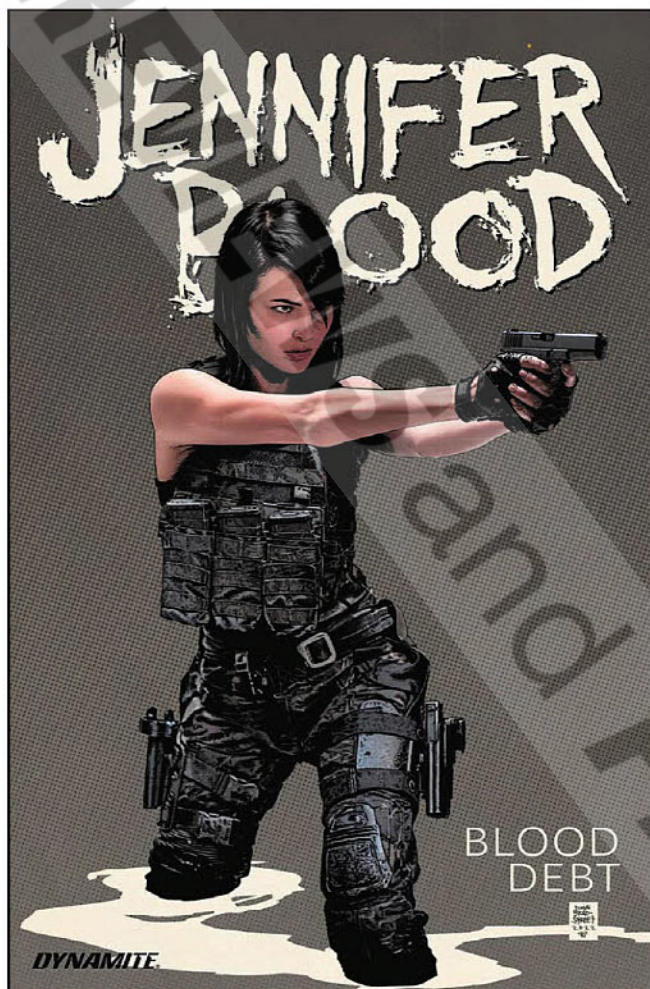

Basically, the point of "Battle Diary" is JENNIFER BLOOD KILLS NAZIS, LOTS AND LOTS OF NAZIS, we need that in all-caps, if possible, heh.

Robert Carey is taking on the art for this series, following working with you on the aforementioned Giulietta Romeo Hitwoman special that flowed out of Jennifer Blood. How excited are you to reunite that squad and what is he bringing to the table on the new book?

Robert is great. He crushed it on Giulietta and people are going to be blown away by what he does here. I was so thrilled when he got his DC Outsiders gig, between Jennifer Blood and that he's going to be a huge star, and now you get to get on board his art at the very start, you lucky dogs.

SUNSTONE STATUE BY STJEPAN ŠEJIC COLOR EDITION

FC | Collectible | 11.75" H w/ Base | \$499.00 | Mature | December 2023

Eight years ago, superstar comic book artist Stjepan Šejic released the first volume of his graphic novel series Sunstone, introducing the world to the fascinating characters of Ally and Lisa and inviting fans everywhere to follow their journey together as they unlocked their feelings and desires.

Now, the two women who have captured readers' imaginations are finally available in three dimensions!

Featuring two meticulously rendered figures on a shared base, this lovingly crafted resin statue is based on an original design by Šejic, who personally oversaw every detail of its creation and every step in the production process.

The end result is simply the most beautiful statue you've ever seen — Ally and Lisa are represented perfectly, their playful expressions and unmistakable likenesses captured with expert precision by sculptor Steve Kiwus from Eightball Studios. The exquisite end result stands at 11.75" high with 5.25" wide base, and every piece is hand painted.

Few creators are so heralded both within comics and beyond as Stjepan Šečić. From his jaw-dropping artwork on major titles like *Harleen*, *Aquaman*, and *Suicide Squad* to the runaway popularity of his fan art pieces, his luscious style that artfully mixes photo-realism with genre elements has become an obsession for fans of all types. Yet in addition to all that, Šečić's most celebrated work may be his independent creation *Sunstone*. The title has been a trailblazer in bringing the mature romance genre to mainstream comics, following decades of being relegated to the margins of the industry.

An LGBT romantic comedy story with BDSM elements, *Sunstone* has been met with incredible sales, critical acclaim, and legions of fans. At its heart stand Ally and Lisa, the irresistible couple that started this still-evolving franchise. Lisa is an aspiring writer with submissive kinks but limited experience exploring them. Ally is a successful programmer with a dominant side. The two cross paths online when Ally discovers Lisa's erotic writings, leading to a thrilling, passionate friendship and sexual relationship in real life. Eight years after its debut, fans continue to discover and devour into the ups and downs of Lisa and Ally's saga and *Sunstone*'s subsequent story arcs and spinoffs.

It's the 400th anniversary of the exclusive boarding school L'école des Jeunes Filles du Val Verde, and as the clock ticks down to the ceremony, the menace cranks up! More and more of the students have fallen under the sway of the eerie cult of the "Blessing Goddess"; Sheena's mentor Don Felipe has to make a daring prison break; and Sheena and Bob are trapped between an army of mercenaries and a stampede of hippos! And as if that's not bad enough, the identity of the mysterious mastermind behind it all is finally revealed, and he's someone whom everyone considers above reproach ... and who is dangerously close to Sheena!

LIFE HOUSE HC

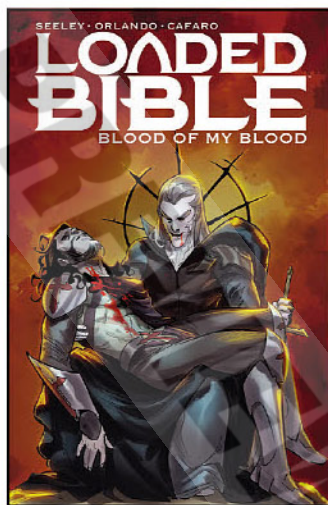

(W) James Harvey, David Hine

An original graphic novel based on rock music legend Pete Townshend's 1970 screenplay of the same name, which inspired The Who's 1971 globally bestselling and universally beloved album, *Who's Next*. Originally envisioned as a sci-fi rock epic to follow up The Who's chart-topping album, *Tommy*, and put aside 50 years ago—in favor of *Who's Next* songs like "Baba O'Riley," "Won't Get Fooled Again," and "Behind Blue Eyes"—*Life House* finally takes the stage. Set in a dystopian future where music has been outlawed, *Life House* follows a small band of rebels who stage an underground concert in an effort to undermine a tyrannical leader... and free Britain and all of humanity. This graphic novelization is co-written by *Doom Patrol*'s James Harvey and *Spider-Man Noir*'s David Hine, with art by both Harvey and Australian visual artist Max Prentis, lettering by Michah Myers, and inks by Eisner Award-winning artist Mick Gray. It is edited by the former editor-in-chief of *Bleeding Cool*, Hannah Means-Shannon, and features a massive vinyl LP format (12.25 x 12.25). MITCHELL MOSS NO LONGER GIVES A CLUCK.

Mitchell Moss is about as regular as it gets. He's married with two children and co-owns a successful chain of Memphis Hot Chicken restaurants. It's not the life that screams hero/vigilante... until he discovers that his business partner is in bed with the mob and owes them \$2 million. Unfortunately, Mitch is ill-equipped to be a badass – he's just a guy who makes really good chicken. Can he protect his family from cold-blooded gangsters? Absolutely not.

But maybe the CHICKEN DEVIL can...

Writer Brian Buccellato (*Detective Comics*, *The Flash*, *Witchblade*) and artist Hayden Sherman (*COLD WAR*, *MARY SHELLEY MONSTER HUNTER*) serve up a darkly comedic crime drama that's juicy, tender and finger-lickin' hilarious.

ZOMBIE MAKEOUT CLUB

ゾンビ・メイクアウト・クラブ

INTERVIEW WITH CREATOR PETER RICHARDSON

For anyone who may be new to *Zombie Makeout Club*, catch us up! What do you want newcomers and the general public to know about the project?

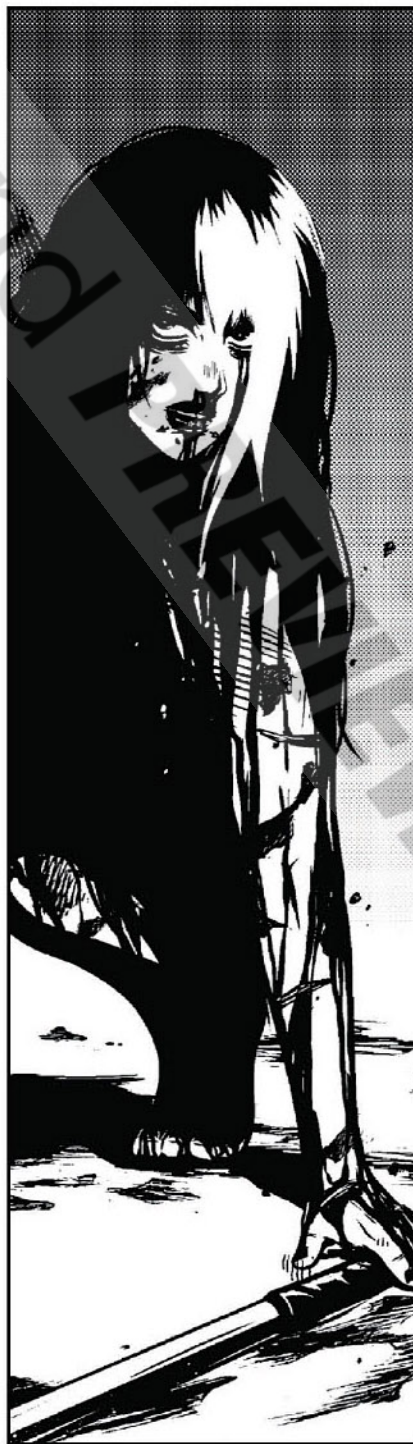

Hello everyone! *Zombie Makeout Club* started from making the rounds at anime conventions, selling prints of manga inspired horror art. I was working as a video game artist on family-friendly projects at the time and was desperate to find a place where I could create the art that I truly wanted to. From there, I started a clothing line with those horror-based designs, and then finally was able to move into comics. Currently, *ZMC* is a vessel for experimental, horror and punk-influenced, manga-style art.

***ZMC* is very aesthetically driven, and aesthetic labels (cottagecore, vaporwave, splatterpunk, etc.) are very trendy right now. How would you succinctly categorize the style and story of this project? Can it be succinctly categorized?**

Like a lot of artists, I'd like to think that my art isn't so easily categorized. However, artists rarely get to make that decision; it's the audience that usually assigns them the label. Regardless, I'd be honored to be referred to as splatterpunk, or pretty much any genre that has inspired me. I just try not to get too caught up in having the art I create adhere to any sort of label. However, if it turns out that a label fits after creation, I don't mind that at all.

Along with the significance of subcultural styles, you've mentioned elsewhere that you're very influenced by film and other media. Care to rattle off a list of major influences? Are there any elements of these influences that you'd like to continue folding into future works?

I'm hugely influenced by Japanese film. Japanese punk films of the 80s and 90s, I find to have an amazing kinetic and tangible energy. *Burst City* and *Rubber's Lover* are probably the films that have had the most impact on my art. I think one of the reasons my comics

are abstract is because I'm always trying to capture an energy similar to these films, more so than tell a straightforward story. Another huge influence has been the video games of Suda 51. *The Silver Case*, *25th Ward*, and *Killer 7* have had a giant impact on me. The *Silver Case* especially was on my mind while creating the "Deathhead" volume of the comic.

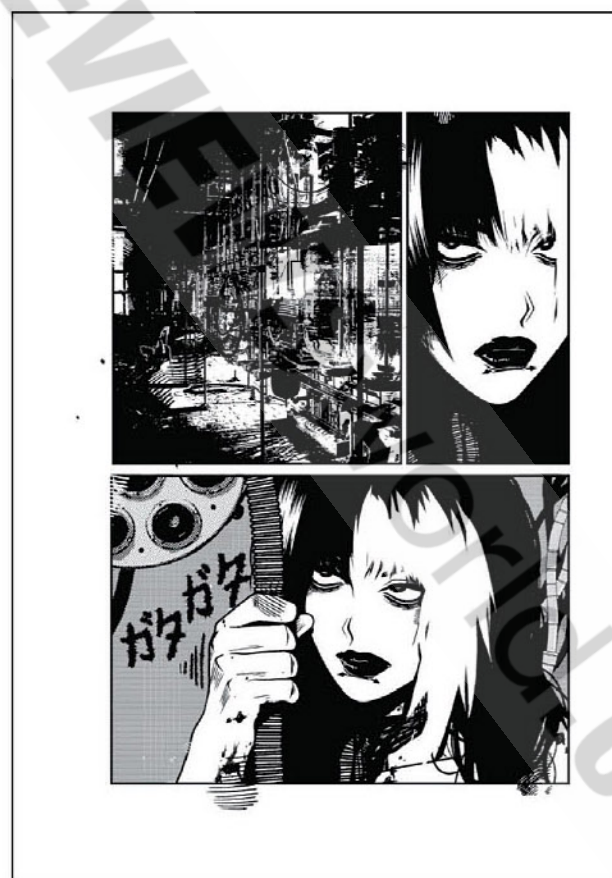

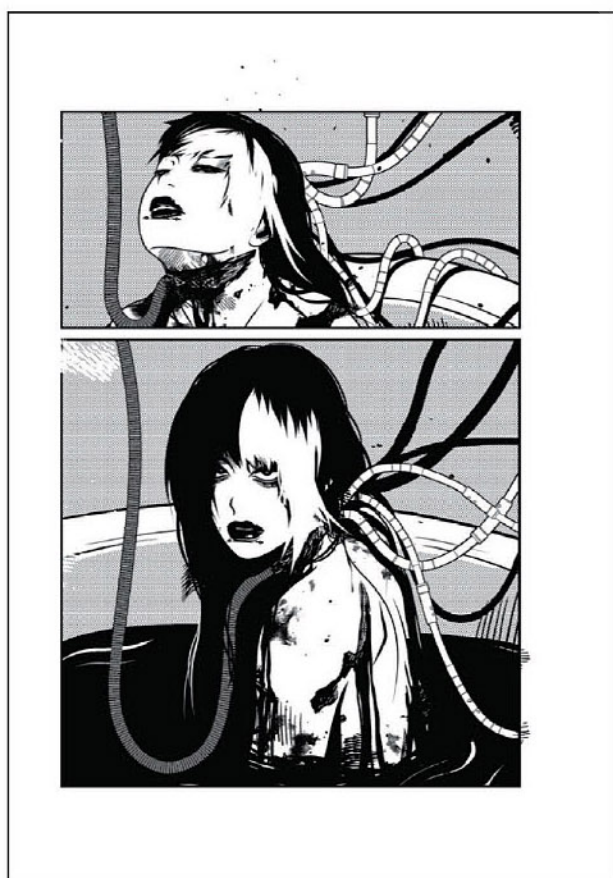

What is your creative process? This can be for comics or otherwise. Do you have workplace needs or an order of operations that you have to follow? Any idiosyncrasies that help bring your projects to life?

Focus is actually the most important part of my process and the hardest to harness. I find myself constantly falling in love with different concepts and visuals, and find it incredibly difficult to not let these influences constantly change my art. I'm always thinking "Oh, That's such a cool concept! What if I tried mixing it in like this..." I enjoy that part of myself and it constantly keeps me excited about art, but I also have to not let it get too out of hand, or I'd never be able to finish a project. Hence, everything in my workspace is primarily aimed at keeping me focused. I also find that I work best when I spend a week or two laying out tons of different pieces/pages of the comic and then continuously draw for weeks, instead of going back and forth between conceiving out and full drawing piece by piece.

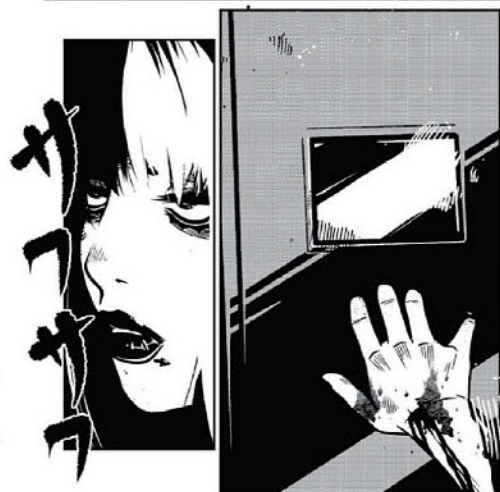

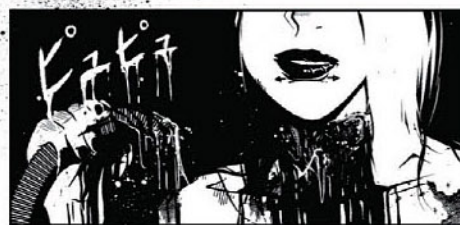

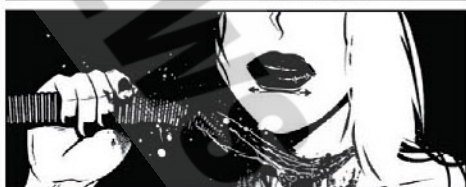

Are there currently plans to continue the *ZMC* comics project? Any hints towards character or story elements that we can anticipate going forward?

Definitely. I find creating comics to be the most rewarding thing I've ever done, next to raising my cats of course. Currently, I've been drawing a lot of Ai and thinking of diving into a story with her and a heavy punk rock vibe. Though, I've also been wanting to experiment with a more survival horror centric story (a la *Fatal Frame*, *Silent Hill*) and I think bringing back Yume for that would be perfect. Which will be next? I guess you'll just have to wait and see with the next volume!

TRAVELING TO MARS

WRITER: MARK RUSSELL | ARTIST: ROBERTO MELI

SOFTCOVER | 280 PAGES | COLOR | MATURE (16 AND UP)

SCIENCE-FICTION, ACTION/ADVENTURE | \$29.99

"an intensely personal and honest story born from frustrated anxiety over the easy choices for a better future that society continues not to make. There's catharsis in this very smart and well-done comic, and I can't recommend it enough. Verdict: Buy" — [COMICSBEAT.COM](https://comicsbeat.com)

"Mark Russell is the consistent satirist in mainstream comics right now, and *Traveling to Mars* turns his jaundiced eye on space travel in a bleakly funny subversion of the genre. Space travel is founded on optimism, the model established by editor John W. Campbell where capable white men go to space for the betterment of Mankind. Russell turns that completely on its head. Score: 8/10" — [BLEEDINGCOOL.COM](https://bleedingcool.com)

"It's beautiful. It's smart and intelligent, quirky and humorous. It delicately holds all those wonderful nuances fans of Russell's writing will quickly recognize, but it all feels elevated as if it were dogma. The art is equally brilliant." — [BLAKESBUZZ.SUBSTACK.COM](https://blakesbuzz.substack.com)

"*Traveling to Mars* #1 delivers a story of reflection. I'm positive we're going to see a lot of surprises as the story progresses as Livingstone reflects on life and deals with his new robot friends. This feels like a series that's going to not just deliver some laughs but also very well might tug at heart strings. Story: 8.25 Art: 8.25 Overall: 8.25 Recommendation: Buy" — [GRAPHICPOLICY.COM](https://graphicpolicy.com)

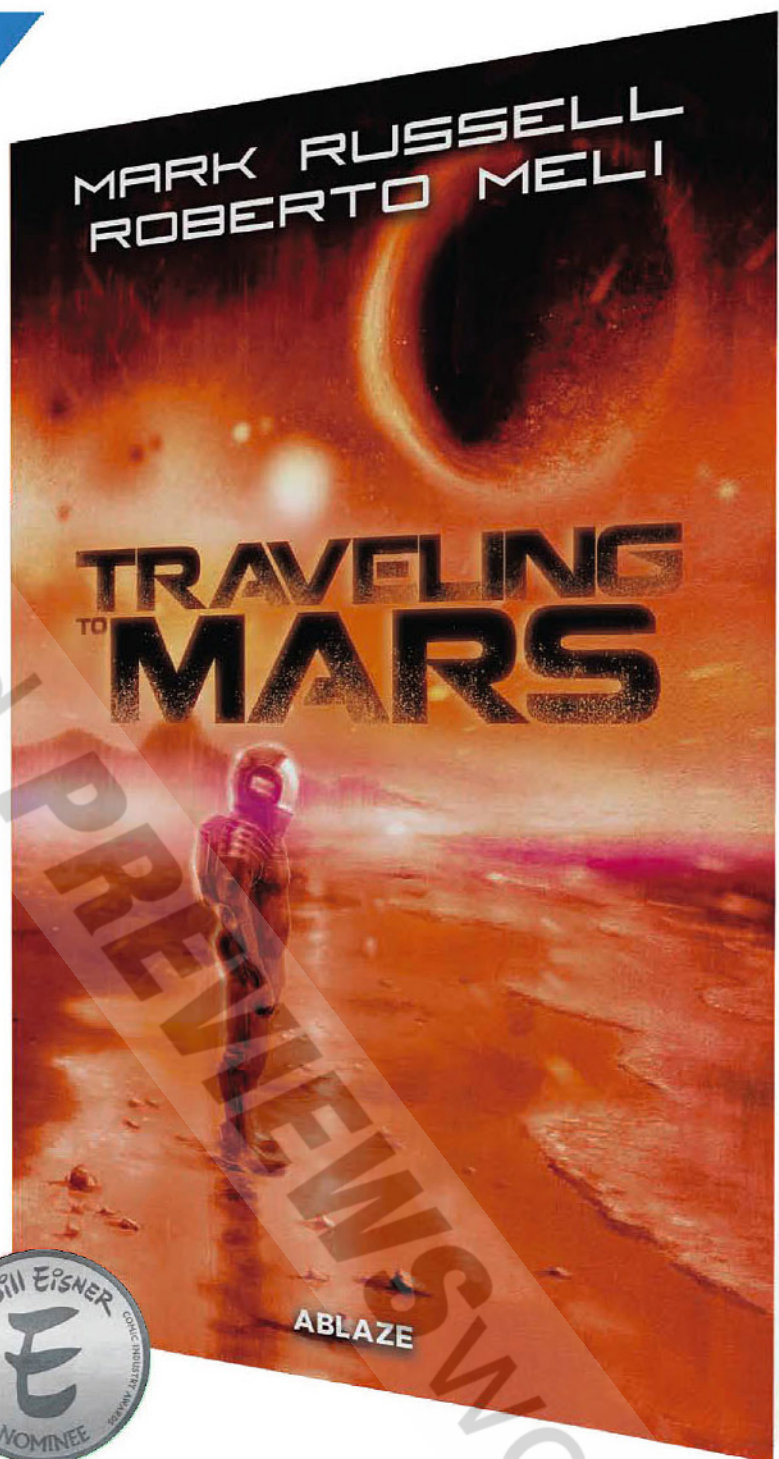

"hilarious social satire, mixed with poignant and beautiful meditations on the meaning of life and the value of leaving a lasting legacy after. Russell is joined on this book by Roberto Meli, an up-and-coming talent in the world of comics. He does an admirable job in capturing the feel of this book, and I'm very excited to see where his career goes from here." — [BIFFBAMPOP.COM](https://biffbam.com)

"When Mark Russell is writing the story you know you'll be getting deep and well-thought-out themes, often with well-placed humor. *Traveling to Mars* delivers on this and then some. If you're a fan of *The Martian* or *Not All Robots*, then you'll want to check out *Traveling to Mars* #1. Rating: 8.5 out of 10" — [YOU PROMISED ME COMICS.COM](https://youpromisedmecomics.com)

"the creative team nailed this one. Thoughtful, meaningful, caring story with space travel with inevitable twists and turns coming in future issues." — [CAPESANDTIGHTS.COM](https://capesandtights.com)

From Eisner Award winning writer Mark Russell and artist Roberto Meli comes the Eisner-nominated compelling sci-fi story...

Traveling to Mars tells the story of former pet store manager Roy Livingston, the first human to ever set foot on Mars. Roy was chosen for this unlikely mission for one simple reason: he is terminally ill and therefore has no expectation of returning. Roy is joined on his mission to Mars by Leopold and Albert, two Mars rovers equipped with artificial intelligence, who look upon the dying pet store manager as a sort of god. Against the backdrop of not only his waning days but those of human civilization as well, Roy has ample time to think about where things went wrong for both of them and what it means to be a dying god. A riveting story of planetary exploration and of finding meaning in your final days.

What if you were called upon by the WORST god of all time? In a frozen post-apocalyptic wasteland called "Freak Snow," a young cult survivor hears the voice of the self-proclaimed god of violence. THE MOEBIUS LIBRARY: THE MAJOR HC

(W/A/CA) Jean Giraud

The Major is a psychedelic, sequential romp created by Moebius between 1997 and 2009, following a production principle that embraces graphic spontaneity and improvisation. The lead character of this pseudo-story, Major Grubert, evolves in a humorous yet philosophical manner, echoing how Moebius's creations are treated in the Inside Moebius series. Join the Major on his last trip to the nebula of The Airtight Garage, where Moebius rules as the playful Trickster of legend. What begins as a comical jaunt into unusually profound philosophical questions regarding the nature of existence, eventually winds up as a penetrating examination of the

relationship between the author and his creation, the latter of whom must necessarily suffer at the heartless whim of his creator, despite the Major's passionate desire for real life—and even freedom—beyond these comics! CEREBUS IN HELL? PRESENTS: MARVELMANVARK ONE-SHOT

MIGHTY MARVEL CALENDAR BOOK: A VISUAL HISTORY HC

(W) Chris Ryall (A) Various
(CA) John Romita Sr.

From 1975-81, Marvel created seven consecutive calendars that were as artistically designed and captivatingly written

as any of their comic books. Each of these annual calendars—whether they celebrated the Bicentennial (1976) or spotlighted a specific character such as Spider-Man (1978), Hulk (1979), or Doctor Strange (1980), featured heroes and villains across the pantheon of the Marvel Universe—and all shared inspired features. These included visual call-outs for birthdays of noted Marvel staff and creators; key moments in Marvel history; special events, famous quotes from fan-favorite issues, and other celebratory mentions; with original art created especially for these calendars by Jack Kirby, John Buscema, John Byrne, Frank Miller, Walter Simonson, Gil Kane, George Perez, Gene Colan, Jim Starlin, Sal Buscema, Mike Ploog, and dozens more. Never before has all of this astounding art been reprinted, and the complete set of covers, interiors, and gorgeously designed monthly entries are reproduced at their original size in this beautiful, oversized hardcover package. Also included is new commentary, rare promotional materials, and an introduction by longtime Marvel writer/editor/historian Roy Thomas. (STL293179) (C: 0-1-1)

The Treehouse of Horror started as an annual Halloween tradition on *The Simpsons*, beginning during the second season in 1990. In fall 1995, the first of 23 comics were produced by Bongo, telling new stories written and illustrated by some of the biggest names in comics, including Michael Allred (*Madman*), Sergio Aragonés (*MAD* magazine), Kyle Baker (*Nat Turner*), Jeffrey Brown (*Star Wars: Darth Vader and Son*), and Jill Thompson (*Scary Godmother*), as well as celebrities such as Mark Hamill, Thomas Lennon, and Patton Oswalt. Collected for the first time in a deluxe hardcover slipcase with an all-new die-cut cover that glows in the dark, these award-winning comics place the world's most beloved animated family in exciting horror, science-fiction, and supernatural settings, making this series the perfect gift for the Halloween season and *Simpsons* fans of all ages. The volume also includes an introduction from Bart Simpson. (STL234600)

It was the series that changed comics forever, with the first showcase of everyone's favorite redheaded teen! PEP COMICS is the latest cornerstone title to join the Archie Comics Presents line. Originally running from 1940 all the way into the '80s, this title was the platform for Archie's first appearance in 1941, and introduced many of the Riverdale citizens that the world still follows over 80 years later. This collection contains the best Archie stories found in the original series, and illustrates how the characters evolved during that run.

The Marduk expedition has returned victorious to Norlandia, bearing a precious sample of Uradium. Now the professor can test his revolutionary U Ray's potency when combined with the miracle ore. But Austradia, the old enemy, won't take this lying down. So the dastardly Captain Dagon didn't succeed in stopping Marduk from finding the Uradium deposit? No matter! The Imperial Austradian Army will simply take possession of it in a military operation—and who cares if that's where Prince Nazca's people live? THE COMPLETE DICK TRACY VOL. 5: 1937-1938

Writer/Artist: **Chester Gould**

Dick Tracy Volume 5 kicks off with a human trafficking story that could be torn from today's headlines, as the dauntless detective encounters a captive woman who bears a striking resemblance to real life sex symbol Dorothy Lamour! That woman, Noana, is just one of the lively characters Chester Gould introduces as Clover Press and The Library of American Comics continue to re-release the original six *Dick Tracy* volumes in the larger size that will allow the entire series to exist in one uniform format. In these exciting tales, Tracy goes undercover to bring down the elusive mobster Ramm; joins forces with Junior and bumbling newcomer Brighton Spotts to foil the plans of wanted man Jojo Nidle; and pays a heavy price as he teams with G-Man Jim Trailer to thwart the schemes of an international criminal named Karpse and his icy sweetheart, Marro—but what does it take to stop the criminal rampage of that deformed gunsel, Scardol?

Writer/Artist: **Chester Gould**

The 1930s give way to the '40s and Chester Gould makes things personal in this sixth volume of the *Dick Tracy* series. First comes a story of broken hearts and wilted flowers, as Tess Trueheart jilts her detective boyfriend for an ex-ballplayer who schemes to inherit millions, and he'll kill anyone who gets in his way—including Tess! An encounter with small-time dognapper puts Tracy on the trail of a gang of fur thieves, and then hardened criminal Stogie Viller softens up, thanks to his young daughter, but not before he drops Dick Tracy into a dastardly death trap! This book paves the way for the debut of The Mole and the Great Grotesque Villains who follow and completes the Clover Press and Library of American Comics transformation of the first six volumes of the *Dick Tracy* series into the larger-sized, standard format of the series.

NEW SERIES DEBUT from DSTLRY!

From international superstar MIRKA ANDOLFO (SWEET PAPRIKA, MERCY, UNNATURAL, HARLEY QUINN, PUNCHLINE) comes a new horror comedy that only Andolfo can deliver -- asking the question: how many fans is your soul worth?

In a world where pop stars have ascended to divinity, and the masses bow in veneration to a new generation of viral superstars -- angels and demons thrive on this exaltation, and revel in this spotlight that grants them unimaginable power.

Clelia, the reigning queen of pop, finds her throne shaken by a newcomer radiating with enigmatic charm. As her fans waver and the public eye threatens to wander, Clelia and her demonic agent, Father Lev, are thrust into a battle for dominance on this exhilarating stage of music and mysticism. How far will they go to defend her reign and unravel the mystery of this sensational new threat?

Mixing the sacred and profane, Harvey Award-winning Mirka Andolfo effortlessly merges the mythological urban fantasy of *American Gods* with the sardonic wit of *The Good Place* in a brand new dark series featuring stunning visual and narrative intensity set in the glittering world of pop music.

Two detectives from Buenos Aires, Mosca and Maia, come to a small town in Patagonia, at "the end of the world". What is commonly known as Antarctica. They meet Joel, the suspect of an apparently common bank robbery case, who can't recall his own name and keeps drawing confusing symbols pointing towards "the South". They immediately acknowledge that something far more intriguing is at play here. As they'll drive towards Antarctica, they'll uncover secrets kept hidden for hundreds of years, holding the future of human kind at stake.

**HOMICIDE: THE GRAPHIC NOVEL PART 2 GN**

(W) Philippe Squarizoni, David Simon
(A/CA) Philippe Squarizoni

Homicide, the celebrated true crime book from the creator of HBO's *The Wire*, is reenvisioned as a gritty, cinematic graphic novel duology. This thrilling second volume concludes the saga. A woman is stabbed and left to die in her bedroom. A taxi cab driver is killed for a handful of jewelry. A man is gunned down over a debt of \$8. As the board fills with red ink, the pressure rises. All the while, detective Pellegrini is haunted by the murder of eleven-year-old Latonya Wallace, a case that is getting colder by the day. (STL290590) (C: 0-1-1)

**HOMICIDE: THE GRAPHIC NOVEL PART 1 GN**

(W) Philippe Squarizoni, David Simon
(A/CA) Philippe Squarizoni

In 1988, journalist David Simon was given unprecedented access to the Baltimore Police Department's homicide unit. Over the next twelve months, he shadowed detectives as they took on a slew of killings in a city where killings were common. Only the most heinous cases stood out: the rape and murder of eleven-year-old Latonya Wallace. Originally published in 1991, Simon's *Homicide* became the basis for the acclaimed television show *Homicide: Life on the Streets* and inspired HBO's *The Wire*. THE OVERSTREET COMIC BOOK PRICE GUIDE VOLUME 53

(W) Robert M. Overstreet (A) Various (CA) Kevin Nowland

The 53rd edition of the Guide celebrates the 60th anniversaries of The Avengers and the storied Justice League of America/Justice Society of America crossovers. It also includes a look at the influential advertising comics of the pioneering R.F. Outcault, creator of The Yellow Kid and Buster Brown, and a spotlight on Frank Frazetta's Death Dealer. The Bible of serious comic book collectors, dealers, and historians since it was first published in 1970, *The Overstreet Comic Book Price Guide* is released each July by Gemstone Publishing. Compiled by founder Robert M. Overstreet with contributions from an extensive roster of Overstreet Advisors, the Guide offers insight into the complex and exciting comic book market. Iron Man, Thor, Giant Man, and The Wasp square off against Namor the Sub-Mariner and the Incredible Hulk as celebrated artist Kevin Nowlan offers an imaginative new take on Jack Kirby's classic image from *The Avengers* #3 for one cover of *The Overstreet Comic Book Price Guide* #53. The other cover this year features Dan Lawlis' take on Frank Frazetta's Death Dealer: with his horned helmet and obscured facial features, the axe-carrying, armor-clad warrior sits atop a horse and permanently looks ready for battle, evoking whole stories from a single image. THE VALUE OF MARKET REPORTS

Who do you know that knows a lot about the comic book market? Who do you trust for their opinions? Where can you get information from a diverse variety of sources?

Each year in **The Overstreet Comic Book Price Guide** and every week on **Overstreet Access** (overstreetaccess.com), you can read market reports from the dealers, collectors and historians who are in the trenches day in and day out, people who not only witness the changes, but who are willing to share their insights with you.

Here's a brief highlight from one of our Overstreet Advisors, comics journalist **Karen O'Brien**:

“...the impact of the Marvel cinematic universe (the films and the increasing number of limited series on Disney+) remains a strong short-term influence on associated comics titles—just follow the extreme pricing increases of *Black Knight* #1 (courtesy of *Eternals*) and the relative downturn of *Moon Knight* #1 (while values are still elevated, the book is returning to more historic levels). While these short-term effects are exciting for the moment and have increased the visibility of characters that hadn't received much popular attention, the long-term effects are a subject for debate. Will this focus on ‘smaller’ characters inspire collectors to not only seek out first appearances and first issues because those are the ‘hot’ titles of the day but to also pursue whole runs of these characters that would indicate a more long-term demand? That will be fun to watch. The good news is that the comic collecting realm has room for both short-term and long-term perspectives—and there are plenty of opportunities to enjoy both.”

The stories were fairy tales starring Peter Wheat, an elf-sized boy who lived in a hollow tree on the edge of a wheat field where he and the Little Folk battle Dragonel, Queen of the Hornets, and later The Wizard. KYLE'S LITTLE SISTER

By BonHyung Jeong

My name is Grace, not "Kyle's little sister"!

Having a good-looking, friendly, outgoing older brother sucks—especially when you're the total opposite, who likes staying home and playing video games. Your parents like him better (even if they deny it!), and everyone calls you "Kyle's little sister" while looking disappointed that you're not more like him. I was really hoping I'd get to go to a different middle school, but no such luck. At least I have my friends...until he finds a way to ruin that, too...! Argh! What do I have to do to get out of his shadow?!

Will she find the freedom to be herself?

This book is intended for readers aged 18 and up. It may contain themes considered "mature."

A lush, lyrical, almost operatic fable speculating on the youth of the first Great Khan of the Mongol Empire. Filled with mysticism and surreal visions, this grand epic takes on a fantasy quality lightly infused with just enough nuggets of history to set in time. Torn between a destiny he is told to have and a life he would otherwise chose for himself, the mind of a legendary warlord is laid bare to readers in a cinematic and poetic narrative breathtakingly illustrated by **Antoine Carrion**.

The day after "Black Friday" at Zombillennium, the employees have carte blanche to devour the visitors, encouraged by management who intends to profit from these gains in new souls. To thwart Charlotte and Aurelian's sinister plans with her resistance network, Gretchen must first settle accounts with her past. And in the culminating episode, The Zombillennium amusement park, which still keeps dozens of visitors prisoner, is coveted by many demons, each eager to become a majority shareholder. The only method of arbitration accepted by all: the Sabbath Grand Derby, a sporting event as violent as it is inventive in which five witches compete against each other and will be fed to visitors to the park. Francis von Bloodt, vampire, a good family man, manages the theme park Zombillennium. They don't just hire anyone, at Zombillennium: mere mortals need not apply, the park works only with genuine werewolves, vampires, and zombies. In the second chapter, tempers are flaring around Zombillennium, the monster amusement park run by monsters. When one hires only the dead (or witches!) in a region where unemployment is in the double digits, one must expect some friction. But things get particularly ugly when the park's security is breached from two sides: activists and a very strange visitor, mom to two peculiar sons the head of the park seems to remember from somewhere! GLACIAL PERIOD HC

(W/A/CA) Nicolas De Crécy

Finally back to press in a bigger handsome hardcover! The Louvre museum is involved in a co-edition of a series of graphic novels, each a vision of this great museum by a different artist. De Crécy, at the sight of the incredible richness of the museum's collection was overwhelmed and felt small and ignorant. The result is a story set thousands of years hence in a glacial period where all human history has been forgotten and a small group of archeologists fall upon the Louvre, buried in age-old snow. They cannot begin to explain all the artifacts they see. What could they have meant? Their interpretations are nonsense, absurd, farcical. (STK637992)

Beyond excess, beyond ethics, beyond science. . . Enter a terrifying new experiment in pain from Eisner Award nominee Cullen Bunn (*The Sixth Gun*, *Basilisk*) and acclaimed illustrator Jesús Hervás (*The Empty Man*)!

Dr. Carrie Reynolds was a veteran trauma surgeon with a godlike mastery of muscle and bone. But outside the operating room, her rigidly ordered life spiraled into chaos when her daughter, Heather—a recovering plastic surgery addict—suddenly disappeared, only to mysteriously reemerge in a catatonic state, her vocal cords removed. . . the latest in a series of victims scarred by a battery of brazenly cruel medical procedures that have baffled police and left an alarming number of once-ordinary citizens maimed, mutilated, or dead on arrival.

Deep beneath the streets of Carrie's city, a new kind of underground hospital has just opened its doors. . . and, once inside, there are no rules, no oaths, and no taboos too deep to not to be broken. Together, a new class of surgeon has sworn to pierce the final threshold of accepted medical orthodoxy one incision at a time.

The scalpel is their tool. The alleys are their operating theater. Murder is their medicine. And only Carrie can stop what they're planning next. . .

INTENSIVE SCARES MEET INTENSIVE CARE IN THIS TERRIFYING NEW NIGHTMARE OF SURGICAL HORROR FROM CULLEN BUNN AND JESÚS HERVÁS!

THE FANTASTIC WORLD OF FRANK FRAZETTA HC (NEW PRINTING)

Second printing, no edition number on the title page. Frank Frazetta has reigned as the undisputed lord of fantasy art for 50 years, his fame only growing in the 10 years since his death. With his paintings now breaking auction records, he's long overdue for this ultimate monograph. Born in 1928, Frazetta claimed to only make art when there was nothing better to do — he preferred playing baseball — yet began his professional career in comics at age 16. Strip work led him to the infamous EC Comics, then to oils for Tarzan and Conan pulp covers. He redefined fantasy heroes as more massive, more menacing, more testosterone-fueled than anything seen before. As counterbalance he created a new breed of women, as nude as censorship allowed, with pixie faces and multiparous bodies: thick thighed, heavy buttocked, breasts cantilevered out to there, yet still, with their soft bellies and hints of cellulite, believably real. Add in the action, the creatures, the twilight worlds of haunting shadow and Frazetta's art is addictive as potato chips. (STL280716)

The *Big Book of Breasts* was an immediate best seller when it debuted. It introduced readers to the top naturally bountiful nude models of the 1950s, '60s and '70s, amazingly mammiferous beauties including Joan Brinkman, Virginia Bell, Roberta Pedon, Mary Waters, Margaret Middleton, Keli Stewart and many more. The one and only complaint was that there was no biographical information on these curvaceous cuties, no lists of their

Not only are there more pages with all new photos of your favorite big breast models of the '50s through '70s, there are also personal profiles for each and every one. Further updating the "Bigger" theme, we added the 12 most incredible, natural, and provocative breast models of today, gathered from across the world by Berlin-based photographer, Bernd Dakari Lorenz. O/A BEST OF SIMON & KIRBY'S MAINLINE COMICS HC

(W) Joe Simon
 (A) Chris Kirby, Joe Simon
 (CA) Jack Kirby

In 1954, industry legends Joe Simon and Jack Kirby founded Mainline Publications to publish their own comics during that turbulent era in comics history. The four titles—*Bullseye*, *Foxhole*, *Police Trap*, and *In Love*—looked to build off their reputation as hit makers in the Western, War, Crime, and Romance genres, but the 1950s backlash against comics killed any chance at success, and Mainline closed its doors just two years later. TwoMorrows Publishing compiles the best of Simon & Kirby's Mainline comics work, including all of the stories with S&K art, as well as key tales with contributions by Mort Meskin and others. This collection bridges the gap between Simon & Kirby's peak with their 1950s romance comics, and the lows that led to Kirby's resurgence with *Challengers of the Unknown* and the early Marvel Universe. The *Best of Simon & Kirby's Mainline Comics* presents some of the final, and finest, work Joe and Jack ever produced! (STL256072)

IT CREEPT FROM THE TOMB SC

Just when you thought it was safe to walk the streets again, *From The Tomb* (the UK's preeminent magazine on the history of horror comics) digs up more tomes of terror from the century past. *It Crept From The Tomb* (the second "Best of" collection) uncovers atomic comics lost to the Cold War, rarely seen (and censored) British horror comics, the early art of Richard Corben, Good Girls of a bygone age, Tom Sutton, Don Heck, Lou Morales, Al Eadeh, Bruce Jones' Alien Worlds, HP Lovecraft in *Heavy Metal*, and a myriad of terrors from beyond the stars and the shadows of our own world! TwoMorrows compiles a tempestuous trio of never-seen 1970s Kirby projects! These are the final complete, unpublished Jack Kirby stories in existence, presented here for the first time! Included are: Two unused *Dingbats of Danger Street* tales, Kirby's final "Kid Gang" group, inked by Mike Royer and D. Bruce Berry, and newly colored for this book! *True-Life Divorce*, the abandoned newsstand magazine that was too hot for its time, reproduced from Jack's pencil art! And *Soul Love*, the unseen '70s romance book so funky, even a jive turkey will dig the unretouched inks by Vince Colletta and Tony DeZuniga. (STL116405)

MARVEL COMICS IN THE 1980S SC

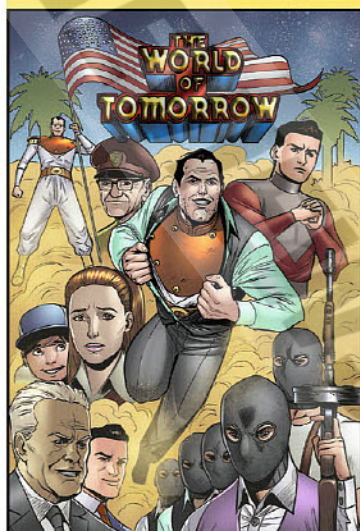

The third volume in Pierre Comtois' heralded series covers Marvel's final historical phase, when the movement begun by Stan Lee, Jack Kirby, and Steve Ditko moved into a darker 1980s era that has yet to run its course. Covers comics such as the Chris Claremont/John Byrne *X-Men*, Frank Miller's *Daredevil*, the New Universe, Roger Stern's *Avengers* and *Spider-Man*, dark heroes like *Wolverine* and the *Punisher*, and more are all covered, in the analytic detail, and often irreverent manner, readers have come to expect from the previous 1960s and 1970s volumes. COMICS AND MODERNISM: HISTORY, FORM, AND CULTURE SC

The first collection to engage with the fascinating overlap between comics and modernism. Since the early 1990s, cartoonist Art Spiegelman has made the case that comics are the natural inheritor of the aesthetic tradition associated with the modernist movement of the early twentieth century. In recent years, scholars have begun to place greater import on the shared historical circumstances of early comics and literary and artistic modernism. *Comics and Modernism: History, Form, and Culture* is an interdisciplinary consideration of myriad social, cultural, and aesthetic connections. The name of Dee Snider is synonymous with the battle for freedom of expression in the arts. This new graphic novel will follow the impact of it throughout Dee's life. From a childhood where he was frequently silenced, through the early efforts to stifle his band's music, to the open warfare of the PMRC hearings in Washington DC, and his current efforts on social media, *He's Not Gonna Take It* tells the story of why free speech is so important to this man who has fought for it. ILLENIUM PRESENTS: STARFALL HC

In an epic tale that spans across the ages, the origin of Illeenium is revealed. In a cold totalitarian society where survival of the fittest is the golden rule, a young man named Nick has put his full faith in the warrior way. He has climbed to the top of the heap as a natural fighter willing to blindly follow orders and commit violence while suppressing any dissent. His only weakness is a reliance on regular injections of Substance, the potent elixir that his malignant overlord rations out to the loyally subservient. Nick's belief system is thrown off-kilter when a mysterious woman known as Ash shows him just how fragile his worldview is. He learns of a time when ancient nomadic people settled amongst the flames of powerful winged creatures; when human

and phoenix peacefully coexisted and used their mastery over fire to build a warm and wondrous society rich in art and science, achievements only possible by working together. (STL293846) (C: 0-1-2)

Claw your way out of the Gunk Pit, earn your name with acts of spectacular violence, and bring terror to the Squishy Man villages in the name of Almighty Krom. Includes a blood-soaked combat system, other, lesser rules, and a complete series of adventures to take your orks from nameless youth to sharp-toothed, unholy terrors—if you can avoid the wrath of Krom.
